1. On 16 May the first stone was laid in the construction of what is described as the most important new armament factory in Yugoslavia at Bezanijesko Naselje near Zemun. The factory, for which a foundry will also be constructed, is intended to produce mountings for guns of 20mm and 37mm, and tripods for machine guns of 12.7mm and 7.6mm.
2. The factory and foundry at Osijek, Slavonia, in addition to producing generators of the "Olt" type for machinery, also produces machine gun tripods and accessories for artillery.
